

Einladung zum Seminar Erneuerbare Energien

Safety and control systems for small wind turbines (Vortrag erfolgt in Englisch)

**Dipl.-Ing. Johan Kuikman
Fortis Windenergy BV, Groningen**

**Mittwoch, 15.06.2016
15:40 Uhr – 17:10 Uhr
Gebäude LI /
Hörsaal Elektrotechnik (He)**

The lecture describes how to design a reliable, maintenance free and low costs safety system for a small wind turbine. Small wind turbines have a lack of service and maintenance but the turbines has to operate save during life time of up to 20 years as promised by manufacturers.
